

### Pictorial Way

$523 - 291 = ?$

The picture shows there are 226 left.

## Different Ways to Subtract 3-Digit Numbers

### Counting Back

$523 - 291 = ?$

206 213 323 423 523

### Compensation Way

$523 - 291 = ?$

$523 - 300 = 223$

$223 + 3 = 226$

*297 + 3 = 300*

### Decomposing Way

$523 - 200 = 323$

$323 - 90 = 233$

$233 - 1 = 226$

$523 - 291 = 226$

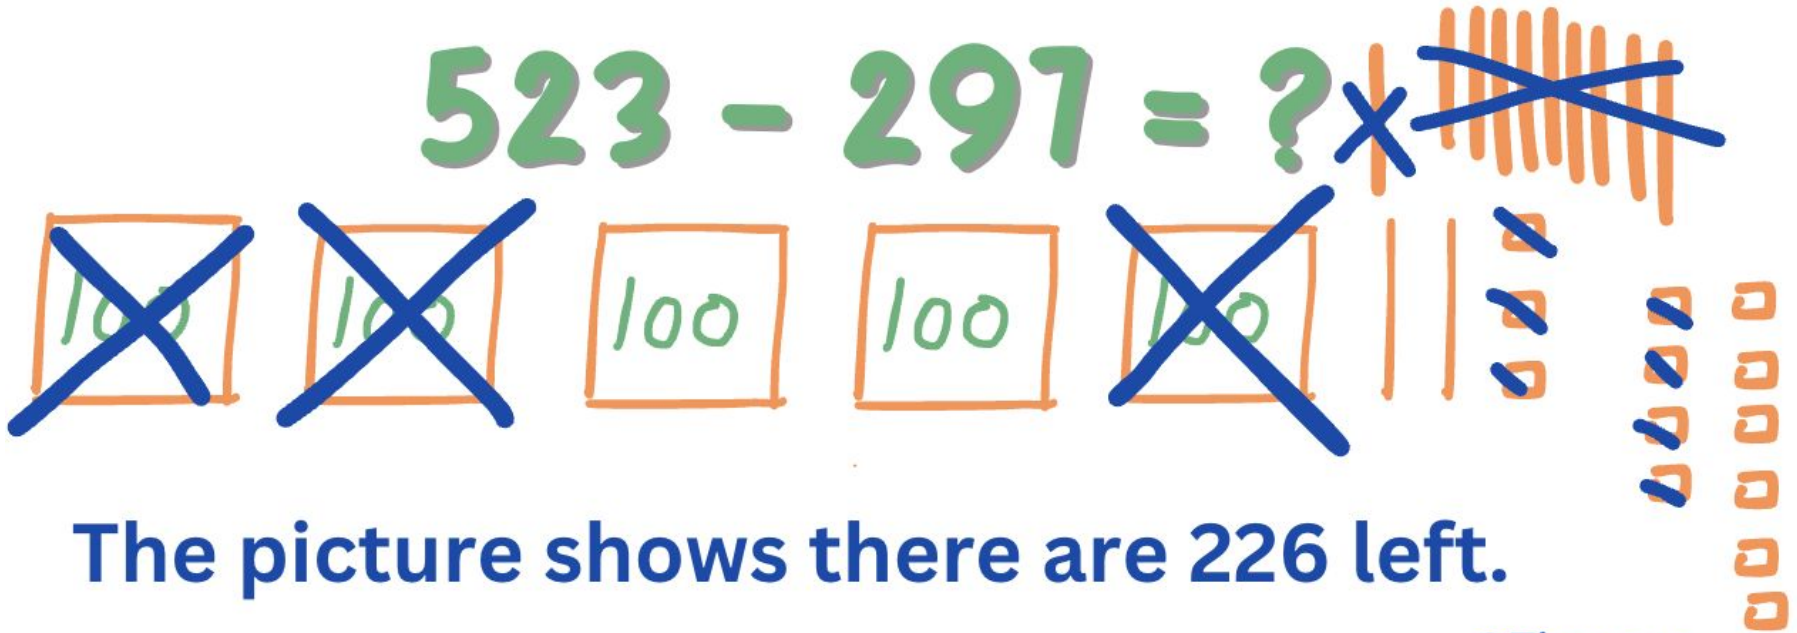

### Place Value Way (Standard Algorithm)

Hundreds 100s	Tens 10s	Ones 1s
2	2	6

@Tinovate

# Pictorial Way

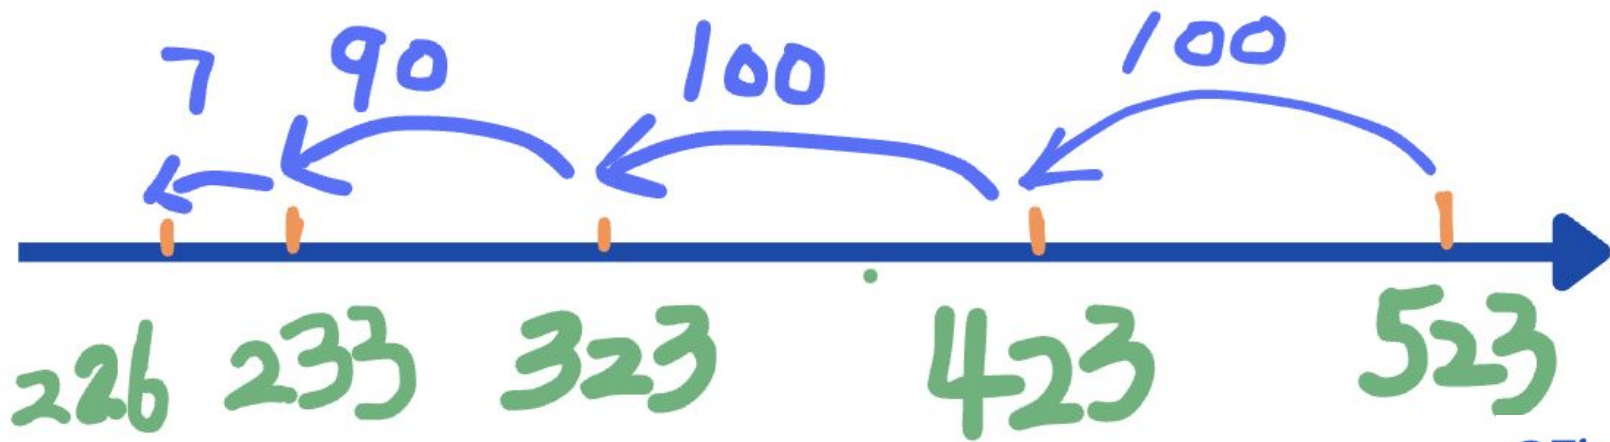

$$523 - 297 = ?$$

The picture shows there are 226 left.

# Counting Back

$$523 - 297 = ?$$

# Decomposing Way

$$523 - 200 = 323$$

$$323 - 90 = 233$$

$$233 - 7 = 226$$

$$523 - 297 = 226$$

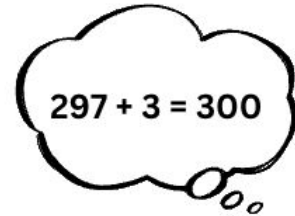

# Compensation Way

$$523 - 297 = ?$$

$$523 - 300 = 223$$

$$223 + 3 = 226$$

$$523 - 297 = 226$$

# Place Value Way (Standard Algorithm)
